

DATA-TRONIX®

24 & 48 Port Cat6 Patch Panels

Description:

The DT-CATPP624 and DT-CATPP648 are respectively 24-port and 48-port Category 6 patch panels designed for Gigabit Ethernet network applications. These panels support T568A and T568B wiring configurations, are FCC subpart 68 compliant and provide complete 256MHz bandwidth. The DT-CATPP series of patch panels are also reverse compatible to meet Category 5 and Category 5e specifications.
